

# PRISM FOR FOREST INVENTORY

## AUTOMATED MAP - CENTRIC CRUISING

Fighting the bushes is hard enough, so why are you fighting with inventory software? Prism simplifies inventory with more plots and less nights messing with reports.

*Prism automates the forest inventory business process end to end, providing a purchase payback within a few hundred plots.*

*Prism helps organizations of all sizes create a Single Source of the Truth for forest inventory which can be used anywhere work is being done. Cruise on any modern mobile device: phone, tablet, Android, Apple, or Windows 10 tablets.*

- INVENTORY RESULTS IN ONE TAP
- ELIMINATES DATA MANAGEMENT
- USE ANY EQUATION FOR VOLUMES
- ALWAYS BEING IMPROVED TO FUNCTION FOR THE LONG TERM
- FIT FOR ANY TEAM SIZE, FROM A ONE-PERSON SHOP TO THE ENTERPRISE
- DATA CAN BE ACCESSED FROM ANYWHERE

OVERSTORY  
ANALYTICS

*Automated and map-centric for simplification of forest inventory*

*Prism data can be used in the ArcGIS Platform*
